A L R A W I

This certificate of completion is hereby presented to **Ali Al-Khanchi** in recognition of his hard work and dedication for creating an interactive digital menu application for iPads at Al Rawi Bookstore & Cafe in Sharjah.

Interactive emenu has helped to utilize our menu better as the items are sorted in different sections and has photographs of the dishes which can also be enlarged. The application vastly improved customer awareness about our menu and has helped staff with up-selling of menu items.

During the period of designing the emenu application, Ali has demonstrated great enthusiasm to learn and grow professionally. The application was created very quickly and made easy to use, overall design of the emenu is made to be interactive, has different sections and filters which are very advantageous such as filtering out the books that are available based on genre and age.

Congratulations & thank you for all your hard work.
